

COMMANDER IN CHIEF PACIFIC

27 February 1973

Dear George,

I want you to know how much I appreciate your efforts here last week. Having the benefit of your insight and long experience in the intelligence business was very valuable in getting a handle on what CINCPAC should be thinking about in the years ahead.

You, Milt, and John have made a significant contribution in support of the Pacific Command. I know General Tighe also appreciated the sessions and feels they did us all some good. It would be useful to have another a few months hence.

Many thanks. I'll look forward to seeing you in Washington next month.

Warm regard,

NOEL GAYLER
Admiral, U. S. Navy

Mr. George Carver
